SUMMARY

Highly motivated and creative B.Tech student with a passion for design and proven experience in graphic design using Canva and UI/UX design principles using Figma. Seeking a Graphic Designer position where I can leverage my skills and contribute to visually compelling projects. Proficient in various design software and possess strong problem-solving and communication skills.

SKILLS

* **Graphic Design Software:** Canva
* **UI/UX Design:** Figma (Wireframing, User Interface Design)
* **Web Development (Supporting Skills):** HTML, CSS, JavaScript, React.js, Tailwind CSS (Demonstrates foundational understanding of web design principles)
* **Other Relevant Skills:** Strong communication skills, Problem-solving skills, Team collaboration, Quick learner

PROJECTS

* **Chat GPT Clone (Illustrates understanding of UI/UX within a web application):** Developed a clean, responsive UI for an AI-powered chatbot application using React.js and Tailwind CSS. Focused on user experience by implementing features such as real-time messaging and typing simulation. [GitHub: https://github.com/apurvavats/Project2]

* **AgriTech (Highlights design aspects):** Designed and developed an active dashboard with various information sections (About, Contact) for a sustainable agriculture platform using HTML, CSS, and JavaScript. This project showcases UI design skills and a focus on user-friendly navigation. [GitHub: https://github.com/apurvavats/Project1]

EDUCATION

* **Bangalore Institute of Technology, Bangalore, Karnataka**
    * B.Tech in Electronics and Communication Engineering, CGPA: 9.63/10 (Expected Graduation: Sep 2023)
* **DAV Public School, Patna**
    * CBSE Class 12, 83.2%
* **Carmel High School, Patna**

* ICSE Class 10, 96.8%

AWARDS AND RECOGNITION

* Won 1st Prize for academic excellence (two years).
* Participated in AgriTech Innovation Challenge (received participation certificate).
* Participated in Electrohack (received participation certificate).
* Completed C++ Programming course at JSpider (Certified).

ADDITIONAL INFORMATION

* Experience participating in hackathons demonstrates adaptability and problem-solving under pressure.
* Consistent academic excellence showcases dedication and commitment.

This optimized resume focuses on the graphic design aspects, highlighting relevant skills and projects while subtly showcasing related technical expertise to demonstrate a well-rounded skillset. The language is concise and uses action verbs, making it ATS-friendly and more appealing to a recruiter. Remember to tailor this further based on specific requirements within the job description if available.
